

# ONERANI SCHOOL

Phoenix won our "Name the Kiwi" competition. She was able to go to Matakope Limestone Island to help capture young kiwis to be released on the inaland.

Vege Garden- a group of children plant and maintain the edible garden. Seeds are propagated and plants are raised in the shade house.

Worm farm- Zeida came to help us set up a worm farm. She showed us how to feed it. The castings and liquid waste will be used to fertilise the vegetable garden.

Drains to Harbour. We've been learning about how water runs to the sea and the importance of keeping our drains clean. We plan to contribute to the development of a local wetlands.

**Weather Station- we video the weather report for Pukeko Echo on Channel North.**

We planted some native trees to extend the Devonshire Grove area.
