

Issue — local water ways ^{being polluted} (pollution)
 What is our vision? — Clean local water ways
 2009

What skills will we need?
 • Social skills
 Writing skills
 Team work

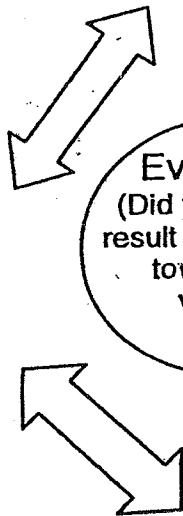

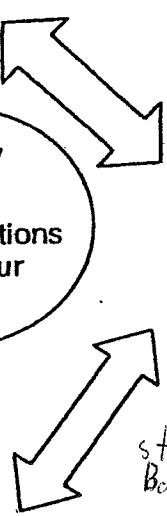

Who could influence the decision?
 • Property owners
 Council
 Parents
 Who makes the final decision?
 • Council
 Property owners

Reality Check
 (Do these actions lead to your vision?)

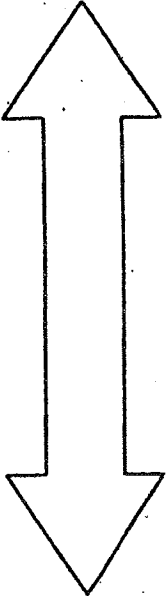

What are we going to do?
 • going down to streams to pick up rubbish
 • write letters to property owners

Evaluation
 (Did your actions result in movement toward your vision?)

start a stream care project at the Bazil's

How will we find out what people think and feel?
 • Surveys, ~~the~~ written and verbal
 in the community and at school

How can we make people more aware of the issue?
 • posters
 letters
 News letter
 make it part of school work
~~hand~~ pamphlets at ag day

Where will I/we find more information?
