This application is made under section 88/section 127 of the Resource Management Act 1991

To: Consents Department
Northland Regional Council
Private Bag 9021
Whangārei Mail Centre
Whangārei 0148

PART B – ASSESSMENT OF ENVIRONMENTAL EFFECTS

Your application must include an Assessment of Effects on the Environment. This form and the associated Information Requirement Booklet will help you prepare it.

An assessment of effects is required so that you and others can understand what happens to the environment when you install a swing or pile mooring. This will help you to propose ways to minimise those effects to the council's satisfaction.

Please note that the word "environment" includes the surrounding coastal water, adjoining land, any surrounding resource users, and local iwi.

It is advised that you make an appointment with an appropriate council officer to discuss your application prior to lodging it. This will help you supply all the required information at the onset and ensure the efficient processing of your application.

A. Site Details

A.1 Where is the proposed mooring to be located?

Location (e.g. Mill Bay)

Harbour (e.g. Mangonui Harbour)

Approximate Map Reference, if known

NOTE: You must attach a map that shows the following:

- the location of the proposed mooring/pile
- the location of any existing moorings in the area
- the location of the coastal marine boundaries (high tide mark)
- the legal property boundaries of any adjacent land
- the location of any existing coastal structures, e.g. jetties

Swing or Pile Moorings – AEE 9

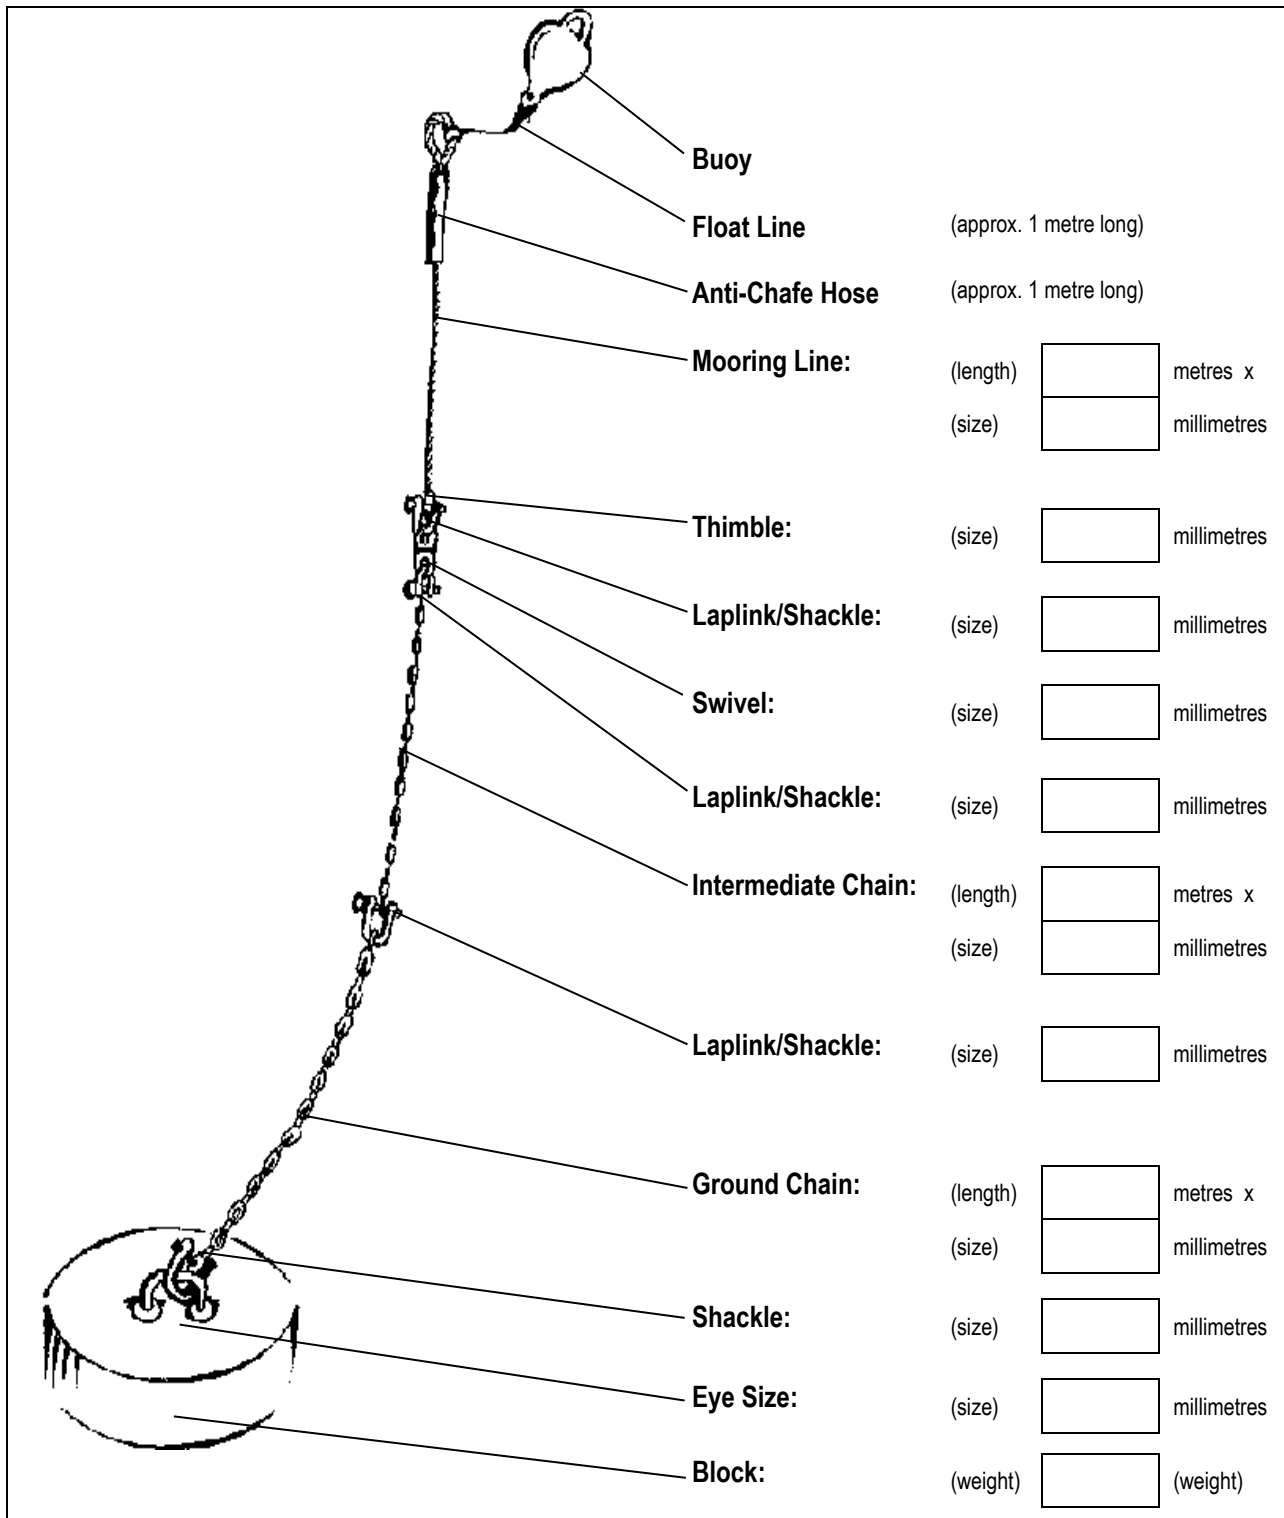

B. Particulars of the Vessel Proposed to be Moored

B.1 Owner Details, if different to the applicant

Full Name:	
Address:	
Telephone: <i>(for emergency purposes)</i>	

Vessel's Name:	
Vessel Type: <i>i.e. Launch/runabout/yacht</i>	
Length of Vessel: <i>(metres)</i>	
Beam of Vessel: <i>(metres)</i>	
Draft of Vessel: <i>(metres)</i>	
Colour of Hull:	

C. Mooring Arrangements

Please refer to the Information Requirement Booklet for recommended mooring details and discuss the make-up design of the mooring with one of the council's approved mooring contractors. They will assist you in completing this form fully.

Swing or Pile Moorings – AEE 9

D. Assessment of Actual and Potential Effects

(tick appropriate box)

- D.1 Is the mooring associated with a property which is only accessible by water? Yes No
- D.2 Is the vessel you intend to moor, to be used as permanent accommodation? Yes No
- D.3 Is the vessel you intend to moor, able to be stored on a trailer on land? Yes No
- D.4 Does the vessel have a suitable sewage treatment system or holding tanks? Yes No
- D.5 Do you already own or have the use of an existing permanent mooring within the locality or within the same harbour? Yes No
- D.6 Is the proposed mooring required for a commercial enterprise whose function is dependent on being located in this area? Yes No
- D.7 Will the proposed mooring be the only mooring within the same embayment? Yes No

D.8 Is the mooring to be located in an area designated as a mooring area in the Regional Coastal Plan for Northland? (see attached "Information Requirements" leaflet)

No, explain why you wish to place a mooring outside a designated mooring area

Yes, provide details of the designated mooring area

E. Consultation

E.1 If written approvals are obtained from all parties that may be affected by the mooring, and the effects of your proposed mooring are minor, then the council is likely to process your application without public notification.

Please see Information Requirement Booklet for details of who needs to be consulted.

The Northland Regional Council can supply you with written approval forms to aid you with the consultation.

Provide details of consultation _____

Please ensure that all of the relevant questions on this form have been answered fully.

If you have any queries relating to information requirements or wish to meet with a council consents officer, please contact the Northland Regional Council.
