

## **HAVE YOUR SAY: TRANSPORT PLANNING FOR NORTHLAND**

On behalf of the Northland Regional Transport Committee, we are seeking feedback on the **Regional Land Transport Plan**.

The plan details local roading projects proposed by Northland's three district councils, and state highway projects put forward by the New Zealand Transport Agency Waka Kotahi. It also includes the strategic planning and public transport functions delivered by the Northland Regional Council. It is the blueprint for transport spending across Northland and our bid for central government transport funding assistance.

Your feedback on this document is important to us.
