Hi Stacey and Blair

Please see **attached** draft conditions of consent as promised.

The conditions have been reviewed by relevant Northport experts but remain subject to change.

Please note that Northport will present a further updated version of the conditions in evidence and/or at the hearing. These will likely include:

- Cultural conditions
- Conditions relating to turbidity management
- Conditions that respond to issues raised by submitters.

Once you have had time to consider the draft conditions, please advise of a suitable meeting time where we can discuss any residual issues.

Have a good weekend.

Kind Regards

Brett Hood
Director
