

REGIONAL LAND TRANSPORT PLAN 2015- 2021 – THREE YEAR REVIEW

Notice is hereby given that, in accordance with Section 18CA of the Land Transport Management Act 2003, the Northland Regional Council's Regional Transport Committee has begun a three-year review of its Regional Land Transport Plan 2015-2021.

The Act stipulates each regional transport committee must complete a review of its Regional Land Transport Plan before the expiry of the third year of the plan.

The plan is essentially a programme of works through which approved road controlling authorities bid for funding assistance from central government and is undertaken in conjunction with relevant Long Term Plans.

As this review could potentially lead to the inclusion of some new large roading projects and thereby exceed the approved Significance Policy, public consultation will be undertaken in accordance with Section 82 of the Local Government Act 2002.

Public Consultation to commence December 2017 - January 2018.
