

NOTICE OF PEST CONTROL OPERATION

Northland
REGIONAL COUNCIL 

From 6th October 2017 to 5th November 2017, contractors employed by Northland Regional Council will be carrying out a possum control operation at the Taharoa Domain (Kai Iwi Lakes) using vertebrate toxic agents (encapsulated cyanide). Some areas of the domain will be closed to the public, however day visitor and camping facilities will still be available.

This work is being undertaken with approval from Northland District Health Board, Taharoa Domain Governance Committee and Kaipara District Council.

For enquiries contact Northland Regional Council on 0800 002 004.
