

GETTING A TOTAL MOBILITY CARD

You need a current Total Mobility card to qualify for the 75% subsidy. To get a card, you need to be assessed by Age Concern Kaitaia, and provide a recent photograph and your contact details, so a card can be produced for you.

If you lose your Total Mobility card, report it to council or Age Concern Kaitaia as soon as possible.

OTHER CONDITIONS OF USE

A caregiver/support person can travel with the holder of the card if s/he so wishes. No one else is entitled to use the card.

YOUR LOCAL TRANSPORT OPERATORS

You can use your Total Mobility card with the following transport operator:

Driving Miss Daisy

09 407 9889

NEED MORE INFORMATION?

Total Mobility User guide

WHAT IS TOTAL MOBILITY

Total Mobility makes it easier for people who can't drive to get out and about in the Far North district.

If you have a lasting impairment (6 months or more) and you live in the Far North district you may be eligible for Total Mobility assistance.

Total Mobility card holders receive a 75% discount (up to a maximum of \$45) on door-to-door transport with one of our approved transport operators.

The scheme uses an electronic swipe card system.

Total Mobility Far North is administered by Northland Regional Council, with funding from the Far North District Council and Waka Kotahi (NZ Transport Agency).

WHERE CAN I GO?

In the Far North district, the Total Mobility card can be used for travel within the district, where there is an approved transport operator available.

You are also able to use your card in other parts of New Zealand where there is a Total Mobility Scheme. Contact Northland Regional Council if you'd like more information about this.

HOW DO I USE THE TOTAL MOBILITY CARD?

- » when arranging transport, let the phone operator know if you need a wheelchair hoist,
- » show your card to the driver and swipe it at the start of every trip to receive your **75% discount** (otherwise you'll have to pay the full fare),
- » pay the driver your 25% share of the fare when your ride has ended.

LEVEL OF SUBSIDY

While the scheme aims to provide a subsidy of 75% per trip, this covers only actual travel time. Waiting time is not subsidised.
