

Northland Regional Council  
Mid North General Constituency  
Electing 1 Regional Councillor

---

**Lesley ADCOCK**

Independent

My principal place of residence is not in the Mid North General Constituency area.

I am standing in the Mid North constituency but the issues which most concern me are general to Northland. If elected, my priorities will be dealing with the impact of climate change (extreme weather events, erosion, flooding and so on) through mitigation and adaptation planning; and the encouragement of sustainable economic development to provide improved employment and incomes, while also protecting the environment. I have a long-standing relationship with Northland, growing up in Whangarei from the age of 10 until finishing school, and now live at Teal Bay. I have an M.A. in Economics, and my work and life experience has ranged widely from many years with the NZ government, through teaching at international schools while our family lived overseas, to running a garden café.
