

NORTHLAND
EMERGENCY MANAGEMENT

GROUP

TSUNAMI SIREN TESTING

Northland's network of tsunami sirens in coastal communities will be tested on Sunday, 3 April 2022.

The sirens will sound at 10am for 10 minutes and 10.30am for 30 seconds.

The twice-yearly checks are carried out at the beginning and end of daylight saving. A message will also be sent to users of the free Red Cross Hazard app.
