

Te Hiku

Dune lake south of Lake Tāniko NRC Lake No. 16.

Dune lake just south of Tāniko

This lake is 0.53 ha in area and is located on Department of Conservation land (1581390E, 6178630N). It was viewed from the dunes to the west of the lake. The lake colour was discoloured brown/red and so was assumed to have no submerged vegetation. We did not investigate further.
