

Activities funded by regional rates

Ngā mahi e utua ana e ngā reiti ā rohe

Your rates assessment lists several regional council rates. This is an overview of what each rate is used for.

Region-wide rates

Council services rate

This rate funds a wide range of activities including: planning, consents and monitoring; governance and engagement; economic development; customer services, transport, harbour safety and oil pollution control; corporate services and other activities.

Land and freshwater management rate

This rate funds land management activities and activities to improve freshwater quality in local waterways, such as erosion control, landowner advice, water quality monitoring and water allocation.

Pest management rate

This rate funds pest plant and animal management activities on land and in the water and supports community-led pest control projects.

Flood infrastructure rate

This rate fully or partially funds the development of flood protection infrastructure and other minor river works in communities across Northland.

Emergency and hazard management rate

This rate funds Civil Defence emergency management, natural hazard management activities and climate change adaptation planning activities.

Emergency services rate

This rate provides funding for organisations whose primary purpose is to save lives that are in immediate or critical danger, or to respond to serious injury.

Regional sporting facilities rate

This rate contributes funds towards the development of sporting facilities across Northland that are of regional benefit.

Regional economic development rate

This rate funds activities which support economic wellbeing in Northland and community infrastructure.

District-wide rates

Far North transport rate

This rate helps fund the Far North district's public bus and other public transport services.

Local area rates

Awanui River management rate

This rate funds capital and operational works on the Awanui River flood management scheme. It is paid only by those in the areas of benefit, differentiated by location and area of benefit.

Kaeo-Whangaroa rivers management rate

This rate funds capital and operational flood scheme works in Kaeo and Tauranga Bay, and minor river maintenance works to clear flood debris and gravel from streams from Taupo Bay to Te Ngairi. It is paid on a uniform basis by each separately used or inhabited part of a rating unit (SUIP) falling within the former Whangaroa ward rating rolls of 100-199.

Taumāreere rivers management rate

This rate funds operational and capital flood scheme works in the Taumāreere catchment to reduce flooding at Otiria and Moerewa, and Kawakawa. It is paid only by those in the areas of benefit and is set on a uniform basis in respect of every separately used or inhabited part of a property (SUIP) that is located within and/or intersects the Taumāreere rivers management rate catchment area.

Find out more

Information on instalment dates, penalties and discounts can be found on your rates assessment.

To make rates collection processes easier, Northland Regional Council's policies on the remission and postponement of rates and penalties in the Far North district are consistent with Far North District Council's policies.

Our path to the future

Te Mahere Roa

We've recently finalised our roadmap for the next 10 years – the Long Term Plan 2021-2031 – to support Northland's growth and wellbeing while navigating the changing world we live in.

It's been a delicate balancing act and we are confident that we've settled on the best combination of work to serve Northland's diverse needs. At the heart of it all is our vision: "Our Northland – together we thrive".

We're now planning to really ramp things up, particularly in the areas of water health, biosecurity and climate change.

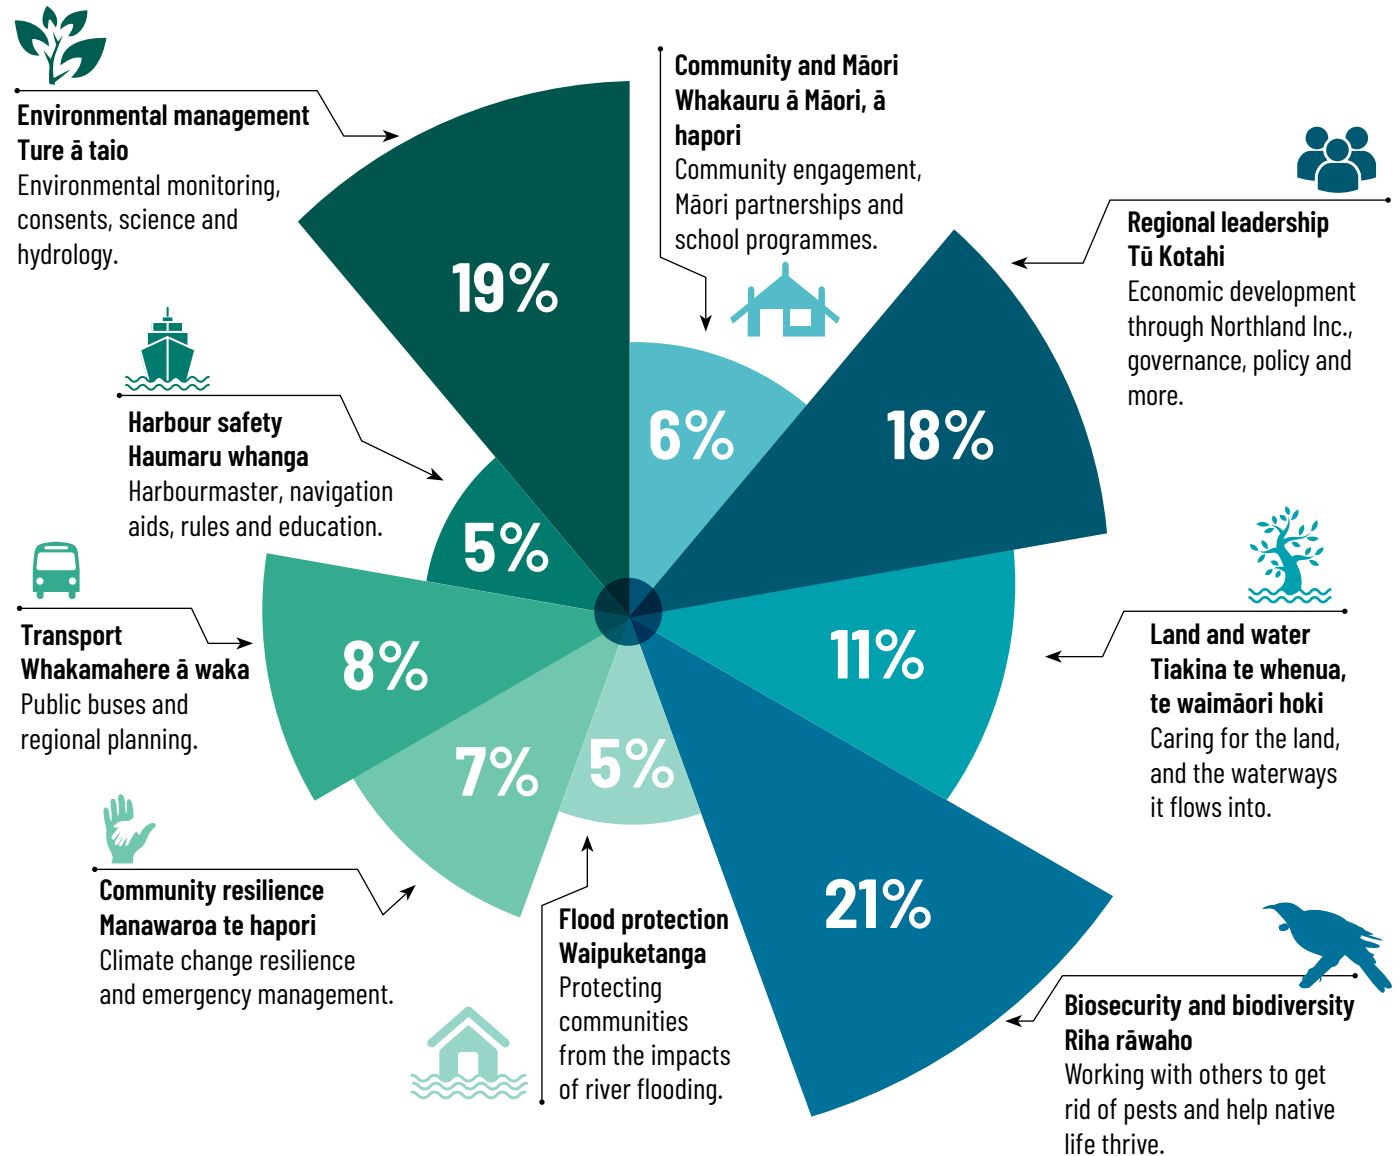

Thank you for being involved and helping us plan for a strong Northland – we couldn't fulfil our region's potential without your support.

The money and where it goes

Ki hea te pūtea e pau ana

Your rates, together with the funding we get from other sources, are being put to work right across the region.

52% of our revenue comes from rates; the rest comes from investment income, fees and charges, and government grants.
