

Northland Regional Council  
Far North General Constituency  
Electing 1 Regional Councillor

---

---

**Joe CARR**

My principal place of residence is in the Far North General Constituency area.

Vote Joe Carr. The NRC Far North General Constituency needs a practical energetic and experienced councillor who rolls his sleeves up and gets stuff done. That's Joe Carr. Being caught in a tidal wave of central Government restructuring is not an option. All Northland councils must demand the best for their communities, have the strength to reject the worst and start holding Government to account. Currently NRC does not. SH1 Mangamuka Gorge closed for a year. Really? State Highways are downright dangerous they want to drop the speed to 80. It will be 60 next. The statutory Regional Transport Committee is missing in action. Costs out of control. NRC must continue to do good work like the Awanui River and Civil Defence, and respond to it's environmental responsibilities in a cost effective, nuanced and holistic manner with less talk and more done. Make your vote count. Vote for Joe Carr
